THE STRATEGIC CONTEXT: AMERICA FIRST & PRACTICAL REALISM

PRIORITY I: HOMELAND

The top security concern.

Restoring the Trump Corollary to the Monroe Doctrine. Securing the Hemisphere is the prerequisite for global projection.

THE THREAT: FUSION

State & Non-State nexus.

China designated as Top Threat;
Cartels designated as Foreign Terrorist Organizations (FTOs).

THE METHOD: WARRIOR ETHOS

Leveraging non-traditional partners to fill gaps. Burden sharing with private sector patriotism to free up kinetic military resources.

THE OPERATIONAL GAP: 1,954 MILES OF VULNERABILITY

The 2026 NDS cites decades of neglect where borders have been “overrun.”

While federal resources focus on official POEs, adversaries adversaries exploit the vast, rugged spaces in between.

CURRENT REALITY:

Neglected vectors allow unmonitored access to Critical Infrastructure and Key Terrain.
